Harry Lubbock, formerly a well known business man of this place but now of the Bay City, was in town Sunday renewing old acquaintances. Mr. Lubbock was accompanied by his wife.

The S. P. Co.'s new time card went into effect last Sunday morning, the morning train arriving one hour later, being 7:34 a. m. instead of 6:34, which is a great accommodation to one and all.

J. Albert Dutil, formerly of Anselmo, Marin county, arrived here the fore part of the week and will take over the management of the French Cottage, one of our leading summer resorts.

The election returns brought prosperity here. A. Chelini received a majority of coal the day after, and several real estate deals went through. In other words, business is good in this valley.

The closing ball of the season will be given at the El Verano Villa on October 4. Special music will be here from San Francisco on that evening and a large crowd will surely be on hand to dance another summer out.

It is strongly denied that Mayor Haden of Verano, who dropped out of sight on election night, has resigned his position. He is back at Paul's resort looking none the worse for the campaign and will vigorously uphold his office.

The Eaton & Toy real estate firm started a number of teams to work last Monday morning on their property, formerly the Nordwell ranch. Many new roads will be built and during the winter the firm will greatly improve this spot.

Harry Granice of the Sonoma Index-Tribune was in town last Saturday. He was congratulated on all sides on his winning fight in the recent recall fiasco and adding another victory to his long string of political combats for clean politics made through the medium of his live newspaper.

Jim Modini, a well-known and popular saloon man, was touring our valley last Saturday and shaking hands with his many friends, who were all glad to see him. Jim dropped in to let Archie know that the valley looked lovely, but his lady friend to the writer was lovely.

THE SEPTIC TANK AND SEWER FARM.

Visited and Inspected by Consulting Engineer of State Board of Health and Local Officials.

Complaints having been made by people living in the vicinity of Sonoma's septic tank and sewer farm of odors arising from same Mayor Cummings, on behalf of the City Trustees and local health officers, invited Prof. Chas. Gilman Hyde of the University of California and consulting engineer of the State Board of Health to visit and inspect the same in an official capacity. The invitation was accepted by Prof. Hyde and the inspection took place on Friday of last week.

Those who took part in the inspection were Prof. Hyde, City Trustees Cummings, Breitenbach, Dal Poggetto, Johnson and Wagon and local health officers Duhring and Bulotti.

Prof. Hyde found the septic tank in perfect working order. In fact he had found none in the state that done its work better. In regard to the slight odor complained of he found that it arose from the water after being discharged from the tank. This, the Prof. stated, could easily be obviated and he will map out a plan to eliminate the odor and forward it to Mayor Cummings without delay.

California Land Show

Invitations have been sent out by the Southern Pacific to all counties exhibiting at the California Land Show in San Francisco, offering them space on the program which the company will present daily during the continuance of the show. The affair is backed up by many commercial bodies, among them the San Francisco Real Estate Board, and will advertise all communities with a view of attracting investors to profitable opportunities in the West. It will be state-wide in scope and will last from October 11 to 25.

The company is cooperating by having erected a large lecture hall that will seat 350 persons. Each day motion pictures will be shown on the screen describing some locality, and any county exhibiting will be welcome to take part. The railroad exhibit will be in three sections, one each for the Southern Pacific Land Company, Sunset Magazine and the passenger department, the latter including an information bureau. Many new and novel features are being worked out. The dominating motive in the decorations will be the redwood which is peculiar to California.

The need for systematic exploitation of lands and other natural resources can be realized when the steady influx of easterners to this coast is considered. In the last decade the Southern Pacific company has carried three quarters of a million settlers westward to California, and the low rates this year will make an even larger rate of increase to swell the total.

A Great Forest Fire in Napa County.

A forest fire that broke out Monday morning in Capell Valley and burned fiercely for three days destroyed an immense amount of property. Over thirty homes were destroyed, together with fencing, pasturage, etc. The fire swept over a vast area of territory, and could be plainly seen from the mountains north of town. It was the most destructive forest fire in the county.

GLEN ELLEN IS MENACED BY FIRE.

Jack London, the Novelist, to the Rescue with His Ranch Hands and a Contingent from Sonoma State Home.

A fire broke out in Gaige's slaughter house, Glen Ellen, last Monday morning and extending to the adjacent hills threatened to wipe out the entire town.

The flames jumped across Sonoma creek and swept over the O'Donnell tract, menacing St. Mary's church and other buildings on the tract.

About this time Jack London, the novelist, whose ranch is near Glen Ellen, appeared upon the scene with a big force of fire-fighters from his ranch and at once took command with the order to "back fire, boys." He was soon reinforced by twenty-five or thirty volunteers from the Sonoma State Home at Eldridge and citizens generally and after a heroic combat with the fire fiend lasting many hours the flames were finally got under control late in the afternoon and Glen Ellen and near-by farm houses saved.

The slaughter house, where the fire originated, was completely destroyed together with 62 hogs and 200 green hides. The origin of the fire is unknown. The building was partially insured.

Birthday Anniversary

Mrs. Fred. Helberg was the recipient of many beautiful birthday presents at an informal gathering of her lady friends at her home last Saturday afternoon where they gathered to wish her many happy returns. After a short program of vocal and instrumental music the ladies were invited into the dining room where Mrs. Helberg had prepared for them a dainty repast, to which all did ample justice. Music and games followed until a late hour when the guests departed wishing their gracious hostess many happy birthday returns.

Fierce Northr

The northr which set in here last Monday night swept the streets clean of dust and blew all the mosquitoes out of the valley.

Let There Be a New Grammar School Building in this District.

For some time past it has been obvious to the school trustees, teachers, scholars and the friends and patrons of the Sonoma Grammar school that it needs a new building and needs it badly.

First—Because the present edifice, built over forty years ago, is fast falling into decay and with its rotting underpinning and side supports is an actual menace to the lives of both teachers and scholars.

Second—It is now entirely inadequate for housing with any degree of comfort the rapidly increasing attendance of scholars.

Third—The old building is surely beyond repair and it were simply a waste of money to build on and attempt to repair the decaying structure.

Fourth—Civic pride also demands that a new and modern building be erected in its stead to be in keeping the High School building, town hall, the Carnegie library building and other public edifices.

Fifth—The Sonoma School district is prosperous and can well afford the expense of a new Grammar School building in keeping with the modern growth of this city.

Sixth—With a bond proposition the expense to the taxpayers will not be heavy. In fact it will be so slight it will hardly be noticed.

With these counts in its favor, we would say to our people frown down all senseless and mischief-making "reform" (?) agitation in our midst and take up this grammar school business and similar propositions and our word for it your work will not be in vain. You will do things worth while.

Get Down to Business

Now, that the farcical recall election has received its quietus at the hands of an outraged citizenship in the first Supervisorial district, and the matter disposed of for all time to come, it were well that the people of the district again turn their attention to those civic improvements which for the nonce were cast aside to participate in a costly and nonsensical election, which nevertheless had to be combatted in order to restore tranquility to Sonoma Valley in particular and the whole Supervisorial district in general. This nightmare out of the way, it now behooves the progressive people of Sonoma Valley to get down to business and do things.

One of these things is the Black Point Cut-off and bridge inaugurated by the El Verano Development Association some months ago and toward the fulfillment of which wonderful progress had been made by the Association up to the very day the recall farce diverted the minds of our people into other channels. Now, in order to make up for valuable time lost the boosters for the project would do well to again get busy and see to it that Napa county, as well as Sonoma and Marin, pledge itself to help the project along.

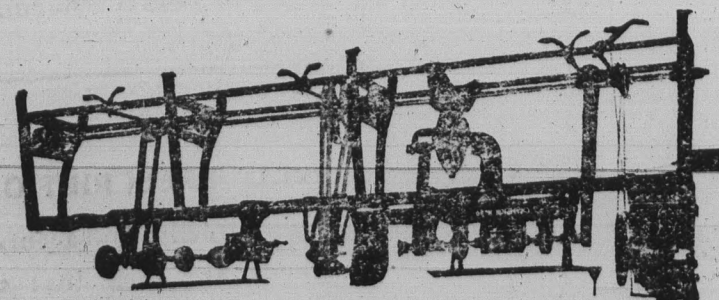

The Black Point Cut-off is without a doubt one of the greatest propositions ever started in this section of the State in these days of rapid transit and when time is money. It will shorten the distance to and from the metropolis sixteen miles out of a mileage of less than fifty between Sonoma, Napa and Marin county towns.

The surveyors of Sonoma and Marin have gone over the proposed cut-off and find the plan entirely feasible. It is now only a question of financing the scheme, the cost of which is very small indeed when compared with the great advantage that will accrue when the cut-off and bridge will have become an established fact.

Nothing is accomplished in these modern times without boosting so let our people get in with one accord and assist the El Verano Development Association in boosting the project along and keep on boosting until the three counties will have come through and given the taxpayers of their section what they are demanding. If they do this they surely will not be denied by the Supervisors of the three counties affected.

Boost the coming Baby Show to be held in this city. It is given for a most commendable cause—the benefit of the Sonoma Public Library.

Mr. and Mrs. H. Appleton. After Fifty Years of Wedded Bliss, Celebrate the Event at Their Home Here

An interesting social event took place in this city last Tuesday when Horatio and Hannah S. Appleton celebrated their golden wedding anniversary.

Mr. and Mrs. Appleton are pioneer residents of this valley, having settled here in July, 1865, coming from Melbourne, Australia, where they were married on Sept. 23d, 1863, though both were born and raised in Massachusetts. The happy couple were proud to have their four children present at the celebration, as well as the sons and daughter-in-law and three grandchildren.

Being old residents of this valley, Mr. and Mrs. Appleton were greeted by a host of friends during the afternoon and evening as they received in their pretty bungalow, which was appropriately decorated for the occasion with a profusion of golden blossoms. Many beautiful and costly gifts were bestowed upon the fortunate couple with hearty wishes for many more years of happiness together.

Socialist Meeting

The Sonoma Valley Socialists will celebrate the second anniversary of their local organization with a lecture by Rev. Robt. Whitaker of Los Gatos, at the Don Theatre on Monday evening, October 6th. Whitaker will take for his subject, "What Shall Society Do to be Saved? The Philosophy of Socialism."

It was originally planned to hold this meeting on October 3rd, but a postponement of three days was decided upon. Everybody invited. Admission free.

Congregational Church, September 28th, 1913

Morning worship 11 a. m.

Forty centuries of history have one plan of development. That plan has been recognized by scholars unanimously in all preceding ages since a philosophy began. It is too late to induce a new one to boost a theory of our own. We decay not because we do not like it; but because development compels us. We are not original or superior. The past is behind us and is pushing us. We must advance in some things; but man has always been a slow poke. War must cease. A new heroism sheds its lights over us. We refuse to call butchery real greatness. Yes, the world is on the move. Sunday morning we will notice one phase of progress. The new historian will notice Caesar in the southwest corner of the inner page in the last column.

Evening worship 7:30 p. m.
The reason for the failure of so many young people to get anywhere in life is because they never know where they are going. They trust to luck. They are adrift on the sea of life. Know what you want and want it enough to go after it, or you too will be a derelict. Get a pilot to enter the port safely. The pilot for your life voyage is one who never can fail. Storms at sea are frequent, but we can direct you a pilot who knows his business from the ground up. It is the fault of the man when he sees so many things mysterious. Flying Dutchman, Phantom Ships and the like fill every life self centered. Follow Davy Crockett's maxim. Be sure you are right and then go a head.
Topic for Sunday evening, "A Storm at Sea."

T. M. Price, Pastor.

A Splendid Trophy

Joe Ryan, owner of T. D. W., the fast pacing horse, is in receipt this week of a beautiful and costly solid silver cup from the California State Fair. The gift came as a recognition of T. D. W.'s performance at the stadium, San Francisco on September 9th, and is highly prized by Mr. Ryan, the owner and driver of the horse.

Chimney Blaze

A chimney blaze that set the roof of the Gabriel dwelling on fire on Broadway just outside the city limits, Tuesday morning, created quite an excitement for the time. The neighbors in the near vicinity of the incipient blaze came to the rescue and succeeded in putting out the fire before much damage had been done.

Better Babies' Contest

The Board of Trustees of the Sonoma Public Library is active in the arrangement for the Baby Show, or more properly, the Better Babies Contest, which is scheduled for Friday, October 17th, at Union Hall. Many parents have already signified their desire to enter their little ones, realizing the inestimable value to be derived from the very thorough examination to be given.

The Better Babies' Contest is a scientific and honest health contest in which correct proportions, fine human mechanism and intelligence wins prizes rather than bewitching dimples, roughish eyes and curling ringlets, which appeal to sentimentality.

Arrangements for the Sonoma Better Babies' Contest will include every detail necessary for the convenience of the several examining physicians, the care and protection of children and comfort of mothers. Couches are to be provided and examination rooms will be heated should the chilliness of the October day warrant this precaution.

Handsone prizes will be awarded babies scoring the highest points.

The contest will include children from under six months old to four years of age. Entry blanks will be ready for distribution next week and may be secured by parents on application to Mrs. Frank Koenig, Union Hotel, Sonoma, Secretary of the Better Babies' Contest.

Mrs. Erhard Reiger visited in the Bay City Sunday.

HIGH SCHOOL NOTES.

A sheet and pillow case dance will be given by the Junior class in the near future. The date will be announced later.

Sonoma will have a team in the Northwestern Sub-league of the Academic Athletic Association, track meet in Petaluma on October 18th.

Cicera's news this week is chiefly concerning athletics. The boys have been practicing for the past week and on Friday, October 3rd, there will be an interclass track meet, and from the dope book it looks like the seniors will take the honors.

A shot and hammer are to be added to the athletic equipment. A take-off board for the broad jumps, standards for hurdles and high jumps are in the course of construction. All this goes to show that the athletic spirit is not dead in the school, but has only been sleeping.
